

What Buyers are Saying About eWinWin

“I didn’t use your service because I didn’t have a good watch on my inventory. But, by watching my inventory a little closer, I am now able to order on eWinWin and save almost 50%.”

*Lisa Love
Reo Spice & Seasonings*

“We couldn't find a distributor in the country that stocked the correct item. Also, the minimums were too high if we went directly through the supplier. The eWinWin program on the web was great because I could order a smaller amount and get a good price. It was really neat how the price dropped. I think you have a great program going there.”

*Clayton Shurley
Privately-held business*

“It's like programming a VCR. You'd rather grab the 10-year-old kid next door to do it. But, ordering through eWinWin is really easy.”

*John Groves
PBI*

“I haven’t ordered from this supplier in 20 months. I am excited about the eWinWin program. This is the first time I am actually saving money.”

*President
Family-owned business, Texas*

“This is a great program. I have looked at other suppliers and after they have quoted me a price I'll ask, ‘Why would I pay that much when I could just go online and order through eWinWin?’”

*Diane Cimochowicz
SemoZ LLC*

“This was my first time ordering online and I had to rush though ordering, but it was really easy to use. Thanks for making this program so user friendly.”

*Betty Kelleber

“Now that you've walked me through the program it seems great!”
