## A Product Source Guide For Dietary Supplements

Here are some of the key products we uncovered in researching our article on dietary supplements.

### DISPENSING CLOSURE, EASY-PEEL INNER SEAL

The Flapper line of dispensing closures from Weatherchem is now available with the Lift 'n Peel™ inner seal from Unipac. The induction inner seal combines a one-piece foam/foil inner seal with a patented convenience feature that allows it to be removed cleanly and easily from the container. Suitable applications include dietary supplement and pharmaceutical products. The closure is made in a range of sizes from 33 to 110 millimeters.
